I would like to make note of my personal
appreciation for all the volunteers that helped
in making this past year a success for TCC.
This year was loaded with all types of land and
sea activities, providing something for every
interest. None of which would have been
possible without the support of the "idea" people,
the "take charge" people, the "helping hand"
people and the "participation" people.

November

Wed. 9th TCC Meeting 6:00
Social 5:00
No Event Scheduled at this printing

As I have stated many times in my tenure
as an Officer of the Club, "TCC is a social group
with a common interest in boating". We come
from different parts of the country with differing
boating experiences, but "boating" has been the
common thread that brought us together. Our
club provides the opportunity for people to see
old friends and make new friends at the many
activities and meetings attended during the year.

I trust that the volunteer and participation level
experienced in 2016 will continue into 2017 and
beyond. Thanks again to all who have given of
their personal time to volunteer and to all those
who have participated in making this years events
so successful.
