OVERHEARD AT THE DOCKS

Ahoy Matey! Aye Skipper, hows things today? Well, got an update for you on the "Ground Fault" situation on the Tellico Village boat docks. OK, lets have it. Aye, a few boats on "H" Dock had "Ground Faults" on their vessels, but never knew it till the improvements were made to the power boxes. The "Faults" weren't consistent, but the Skippers got the issues corrected on their boats. Although "GFs" on boats have been around for sometime, newer models meet a standardized format. Aye Skipper, now we're steamboatin'. See Ya 'round the bend "Faultless"
