Ahoy Matey! What's with the frown on your face and pad & pencil in hand? Awl Skipper, you know its gettin' to be that time of year again! Yep, its time to prep the trusty ole girl for her well earned winter rest. Right Matey, it was a very busy & happy summer with the TCC folks. But, there are still a few activities to go yet, eh! Keep It Solvent

Boat owners use lots of expensive caulks and compounds in cartridges. Half-used tubes that sit for more than a day or two often dry up, then get thrown in the trash. To avoid wastage, cover the end of the cut nozzle with a good dollop of petroleum jelly. It will keep the air out and prevent the contents of the tube from hardening. Next time you need the caulk, thoroughly wipe off the jelly and squeeze out a little bit of caulk to be sure the inside of the nozzle is clear of jelly.

Zap The Tape

Nothing is more maddening than a roll of masking tape that won't unroll, but only comes off in little bits. Before tossing it in the trash, an ornery roll of tape can often be brought back to life with a quick blitz in the microwave. Don't overcook it: 5 to 10 seconds is often more than enough to revitalize the adhesive and return the roll to taping nirvana.

REMEMBER: THE YACHT CLUB WILL RESERVE SEATS FOR TCC MEMBERS AFTER THE MEETING. THEY WOULD APPRECIATE A CALL FOR RESERVATIONS.

Another TCC Special Event

The 2017 TCC FALL CRUISE on Saturday, Oct. 14th

Meet at Mile Marker #11 near Pontoon Island at 2 p.m. for a "slow cruise" up the Little Tennessee toward the Chilhowee Dam. Later, enjoy an early dinner at Rick's Dockside Grill located at Tellico Marina (1000 Marina Harbor Dr. Maryville). We will be ordering off the menu, which includes a nice selection of Appetizers, Sandwiches, Salads, and Entrées. Beer is available for purchase, but you may "brown bag" wine or other spirits.

Also, slips will be available for overnights, but space may be limited, so assignments will be based upon a 1st come basis against the sign up sheet.
