Commander's Corner George Maresca

Ahoy Mateys!

be some warm days to enjoy boating. This year the lake draw down will begin on November 15 so if you are on the water, stay to the middle of the lake. And when it's time to put the boat to sleep for the winter, go through the storage lockers and take out everything you don't want to leave outside during the cold months. If you can put a trickle charger on the boat batteries, they will stay happily charged in the cold weather and start when you want it to. Our Christmas party is coming up so please sign up soonest. We have to give a final head count to the Yacht Club on December 5. It's going to be a blast!!

Dang! It's November and it is getting chilly but there still

y'all soon.

George
